

Store water with Style

RenoTuf

Overhead Water Tanks

From the house of **Sintex**

Sintex with its innovative past has once again brought this innovation in water storage; RENOTUF Blow Moulded Overhead Tanks. A completely new technology is applied to make it durable and stronger. Soft contours give it a smart look while ribs add strength to last long. It has special threaded lid that protects water from contamination. Most importantly RENOTUF is made with virgin FDA material for 100% hygienic storage of water. Choose from our wide range of sizes.

So all those who swoon over style & substance just go for RENOTUF because reasonable price is an added advantage here.
